

Learning from Home – Friday 15th September

The timetable below shows the working from home tasks for year 7, 9 and 10 for Friday 15th September. These will be available on the school website here: <https://www.johnmason.oxon.sch.uk/students-and-parents/plans-for-working-from-home/>

Please click the links in the subject title to access learning resources and instructions.

We advise that students should not spend significantly more than 1 hour on each lesson. So, if work is not completed within an hour, it would be better to move on to the next subject.

Thank you for your feedback that is helping us to smooth the process of ensuring that everyone can access their learning.

We have added teacher names to Design subjects to help students find which subject they should study (the same as their normal timetable).

If you encounter a link that will not work, or you can not find work in the folder, please email Dr Stanger astanger@johnmason.school saying what year and subject you are having problems with.

While you are waiting for advice, you could move on to a different lesson.

If you need further guidance with the work, contact your subject teacher.
