

John Mason School was full of smiles this morning as we celebrated with our Year 11 students collecting their GCSE results. After a year of hard work and dedication, it was a privilege to witness students opening their envelopes and to see their efforts rewarded.

Whilst national reports highlight a drop in the number of passes, results have risen at John Mason. We've seen an increase in the number of passes, a higher average grade, and a greater proportion of students achieving Grade 9s, 8s and 7s.

Staff and families were on hand to offer congratulations and support, sharing in the excitement as students confirmed their next steps and looked ahead to their chosen pathways.

From left to right:

- Devan achieved an incredible eight Grade 9s and will be continuing his academic journey at JMF6, studying Maths, Further Maths, Physics and Chemistry.
- Nevin earned two Grade 9s and four Grade 8s, and will also be joining JMF6 to study Physics, Maths and Chemistry.
- George secured four Grade 9s and two Grade 8s, and is set to study Maths, Chemistry, Physics and Biology at JMF6.
- Kayra earned Grade 6s in Physics and Maths, and will be studying Physics, Maths and Graphics at A-level.
- Olivia achieved a strong set of results, with Grades 7s, 8s and 9s across all subjects, and will be progressing to A-levels.
- Kacper celebrated four Grade 9s, and will be joining JMF6 to study Maths, Further Maths, Physics and Chemistry.
- Grace achieved two Grade 9s and seven Grade 8s, and will be studying Maths, Further Maths, Biology and Chemistry at JMF6.

From left to right:

- Charlotte achieved a superb set of results including nine Grades 9s, 8s and 7s, and will be studying Psychology, Physics and English at JMF6.
- Emily is especially proud of her Grade 7 in English, and will be joining JMF6 to study Criminology, Psychology and Business.
- Adam passed every subject, including four Grade 8s, and will be studying Maths, Physics and Biology at JMF6.
- Nubaid achieved an impressive six Grade 9s, and will be joining JMF6 to study Maths, Further Maths, Physics and Chemistry.
- Alex earned two Grade 8s and three Grade 7s, and will be studying Maths, Physics, Biology and Criminology at JMF6.
- Lucy achieved Grade 8s in Music and French, and will be heading to college to study Performing Arts.
- Holly is delighted with her double Grade 9 in English Language and Literature, and will be studying English, Drama and Psychology at JMF6.
- Shamam is proudest of her Grade 9s in Mandarin and Chemistry, and will be joining JMF6 to study Chemistry, Biology, Maths and Psychology.
- Chloe is proud of all her results and particularly her Grade 8 in English Language. She will be studying English, Psychology and Sociology at JMF6.

We are thrilled to see so many students earning the opportunity to continue their studies at JMF6 or other local providers. Their success is a testament to the support of our dedicated staff and to their families.
